Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Attorney of record called to confirm whether there are any outstanding issues in instant application because after making an election over the telephone to a restriction requirement (September 21, 2004), repeated inquiries regarding the status of instant application did not result in any definite answers. Finally, the PTO mailed the case to the attorney (December 30, 2005). Attorney was requested to forward the documents which were received so that any possible gaps in the USPTO prosecution history could be updated.
